

LLOYD GEORGE TO BRING HIS DAUGHTER TO U. S. WHEN HE COMES FOR PARLEY

Most recent photo of David Lloyd George and his daughter, Megan, snapped in London on his return from Inverness recently.

When David Lloyd George, Great Britain's premier, comes to the United States next month as head of the British delegation to the disarmament parley, he will be accompanied by his daughter, Megan, his constant companion, in his journey about the British empire. The two are almost inseparable. The daughter's watchful care of her father's health has been an important factor in his political trials recently.

POLICE STOP RED MEETING

M. J. Loeb one of the Speakers Taken Before Chief and Ordered out of city.

Reds, I. W. W. organizers and so-called bolshevik propagandists, sought to realize by this time that Chief of Police W. A. Pochis and other city officials will not permit public meetings of that sort.

William Z. Foster, well known socialist and steel strike leader and his staff of co-workers most of them women, came to grief in Gary again yesterday when they attempted to hold a so-called meeting "for the relief of Soviet Russia."

The meeting was first scheduled to take place at the Froebel auditorium. Arrangements had been made for the rental of the auditorium, but at the eleventh hour the school authorities learned the real nature of the meeting and refused to let Foster and his gang have the hall.

Turner Hall at 14th avenue and Washington street was then selected as the rendezvous, but Chief Forbis' men were not idle and informed Foster and the other speakers that anything un-American would not be tolerated.

Foster opened the meeting, and warned, confined himself to within the law. He was followed by a man by the name of M. J. Loeb, of Chicago, who said: "Gentlemen and friends. We are watched by the police authorities and they have told us just what we can say and what we cannot."

"They told us we could not speak about the Red Army but we are going to talk about the Red army anyway. What is more, we are not afraid of the police and tonight we are going to hold another meeting and we are going to say what we please."

That is as far as Loeb got with the speech as the police stopped the speaker. After clearing the hall of the gathering, Loeb was taken to the Gary police station where he was taken before Chief Forbis, who gave the Chicagoan a short time to get out of the city and stay out.

Foster and Loeb were accompanied on their trip by a dozen or more women, said to be west side garment makers. It is said that it was their duty when the collection was made to throw a lot of bills into the collection box, but the Gary audience did not fall for their game and they were enriched by only a few coppers.

TWO BIG CALLAHAN MEETINGS SUNDAY

Frank Callahan had two big meetings yesterday, one in the afternoon at Kosciuszko hall on Cedar street, and the other in the evening at Ywano hall on Leodor street. The halls were taxed to capacity at both meetings.

In the evening John K. Reppa spoke at Kosciuszko hall. The hall was well filled.

Mr. Reppa was introduced as "the next mayor of East Chicago." "How do you get that way?" shouted some one in the balcony. "Frank Callahan's the next mayor."

There was more applause for this remark than there had been when Reppa was introduced.

Frank Callahan and other Citizens candidates will address a meeting of women at the Boy Scout headquarters in Markstown tonight.

Let No Corn Spoil an Hour

Any Corn Can Be Stopped Now, Any Moment, by a Touch

SCIENCE has solved the corn problem. One can now stop a corn ache instantly, and shortly remove the whole corn.

The method is gentle, scientific, sure. A famous chemist invented it. A surgical dressing house of world-wide fame produces it.

It is Blue-jay—the liquid or the plaster. A touch applies it. The pain stops at once. Soon the whole corn, however ancient, loosens and comes out.

It makes harsh treatments unnecessary. It makes paring ridiculous. It makes every corn ache a folly. Your druggist has Blue-jay. Let it end your corn—tonight.

SAGE TEA TURNS GRAY HAIR DARK

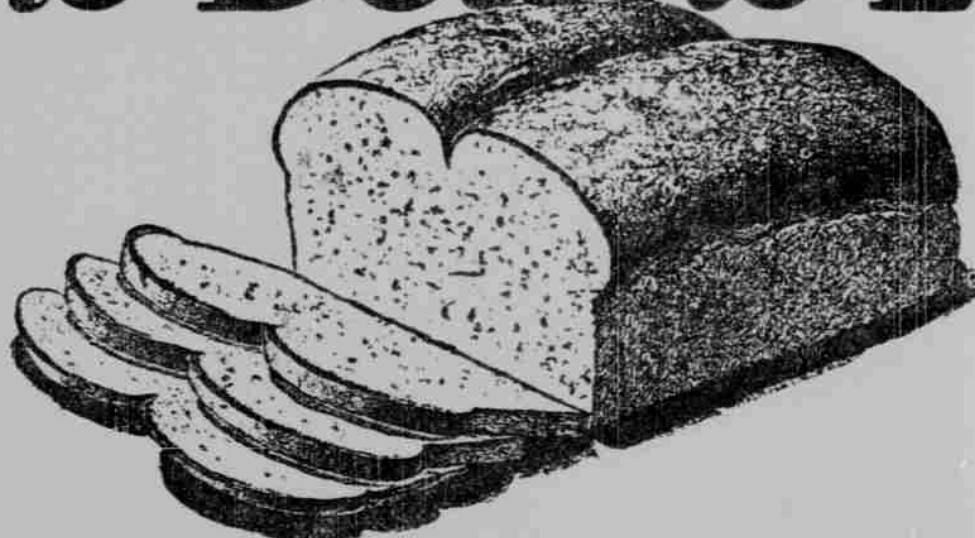

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared and after another application it becomes beautifully dark and appears glossy and lustrous.—Ad.
